## **Attention: Livestock Producers**

The USDA is offering the Livestock Compensation Program (LCP) to livestock producers who suffered a loss caused by natural disasters. Due to Secretarial designations, Washakie and Hot Springs County producers are eligible for LCP losses for 2006. If you are interested in applying, please have the following information to help speed up your application process:

- Your livestock inventory as of January 1, 2006 (eligible livestock include: beef cattle, dairy cattle, sheep, swine, buffalo, beefalo, poultry, equine, goats, deer, elk, reindeer)
- All non-irrigated grazing land owned or leased (including Federal and State leases) for 2006

This program has an \$80,000 payment limitation. If a producer received a payment from the Wyoming Department of Agriculture in 2006 for the Livestock Grant Assistance Program, that amount will be subtracted from the total payment.

Please feel free to call 307-347-2456, if you have questions on this program.

## **CROP DISASTER PROGRAM**

The Crop Disaster Program (CDP) provides benefits to farmers who suffered quantity and quality losses from natural disaster and related conditions that occurred in 2005, 2006, and 2007 crops if the crop was planted before February 28, 2007. Producers who incurred qualifying losses in 2005, 2006, or 2007 must choose only one year to receive benefits. Producers may apply for benefits for losses to multiple crops as long as the losses occurred in the same crop year.

**Only** producers who obtained crop insurance coverage or coverage under the Non-insured Crop Disaster Assistance Program (NAP) for the year of loss will be eligible for DCP benefits.

# Mandatory Publications

## Attention all Buyers of Agricultural Products

It is required that buyers of agricultural products check or register with the Secretary of State's Office to determine if there are liens against the Seller of the product. If a lien is found you are required to place the lien holders name on the check as well as that of the Seller. Ag Products include but are not limited to: livestock (including horses), crops used for feed (hay, silage, oats, etc.), machinery, equipment and all other crops. **Failure to place the lien holder's name on the check may result in civil legal action being taken against the Buyer of the product. Protect yourself as a Buyer!** You may contact the Secretary of State's Office at 1-307-777-7311 for more information.

## SPOUSAL SIGNATURE AUTHORITY

A husband or wife may sign on behalf of the other for most farm programs in which either has an interest. Written notification must be submitted to the County FSA Office if the right to sign on their behalf is to be denied by either spouse. Certain restrictions apply. For more information contact this office.

## BANK ACCOUNT CHANGES

As of January 19, 1999, all payments issued by the county FSA office will be by direct deposit (electronic funds transfer) to a pre-designated checking or savings account with your financial institution. Forms are available at the FSA office to sign up for direct deposit if you haven't yet. For those already signed up, it is important that we are notified anytime there is a change in your account number or financial institution. If we aren't notified, future payments can be delayed or lost for a period of time.

## FAXED SIGNATURES

Certain FSA program applications may be accepted by facsimile (fax) if Form FSA-237, "Facsimile Signature Authorization and Verification" is on file. This authorization form should be completed, signed, and witnessed by the FSA office staff, or notarized.

## DIRECT DEPOSIT

The Debit Collection Act of 1996 mandates that future payments from FSA be directly deposited into a producer's savings or checking bank account. A transaction statement will be sent from the FSA office indicating the payment type and amount. Any person may request a waiver of EFT (Electronic Funds Transfer) if it would impose a hardship because of physical or mental disability; the individual faces a geographic, language, or literacy barrier to receiving payments by EFT; or EFT would impose a financial or personal hardship. It is important that any changes in a producer's account such as account type, bank mergers, routing number or account numbers, be provided to the county office promptly to avoid possible payment delay.

Currently FSA is in the process of transferring the payment process to a more automated system. If you do not have a direct deposit on file and/or wish to waive EFT, your payment could be delayed up to an additional six weeks. If you are not sure about the account information your local FSA office has, please contact them immediately for confirmation.

## YOUTH PROJECT LOANS

FSA makes loans up to \$5,000 to individual rural youths to establish and operate income-producing projects of modest size in connection with their participation in 4-H clubs, FFA, and similar organizations.

Each project must be part of an organized and supervised program of work. It must be planned and operated with the help of the organization adviser, produce sufficient income to repay the loan, and provide the youth with practical business and educational experience.

Loan Purposes - These loans may be used to (1) buy livestock, equipment, and supplies; (2) buy, rent, repair tools and equipment; and (3) pay operating expenses for running the project.

### **Eligibility Requirements - *To qualify for a Youth Project Loan, you must:***

Be a citizen of the United States (or a permanent resident), which includes Puerto Rico, the U.S., Virgin Islands, Guam, American Samoa, and certain former Pacific Trust Territories;

- Be between 10 and 20 years old;
- Live in a town of less than 10,000 people;
- Be unable to get a loan from other sources; and
- Conduct a modest income-producing project in a supervised program as outlined above.

You must also be capable of planning, managing, and operating the project under guidance and assistance from a project adviser. The project adviser must recommend the project and the loan and agree to provide adequate supervision.

### **Project Size**

Only projects of modest size can be financed. A modest project is limited in physical size, capital requirements, and overall objectives.

### **Security**

You must sign a promissory note and be responsible for repaying the loan. In some cases, a cosigner may be required. Loan collateral normally consists of products produced for sale, livestock, equipment, and other items purchased with loan funds.

## NAP APPLICATION DEADLINE

April 1<sup>st</sup>, 2008 is the deadline for producers to apply for Noninsured Crop Disaster Assistance Program, or NAP coverage, using Form CCC-471. The application and service fee must be filed by the applicable closing date for each of the 2008 spring seeded NAP crops. To remain eligible for NAP, a producer must annually report the crop, including: type, variety, location, producer shares, date planted, and the intended use (hay, forage, grazing, etc.). Once the crop is harvested the production must also be reported. The application service fee is \$100 per crop per county or \$300 per producer per county. The fee cannot exceed a total of \$900 per producer with farming interests in multiple counties. Limited resource producers may request a waiver of service fees. In the event of a crop failure caused by natural disaster, the producer needs to notify the local FSA office by completing a "Notice of Loss" (form CCC-576). The notice of loss must be executed within 15 days of the date the damage became apparent.

### County Committee Elections

On December 6<sup>th</sup>, we counted ballots for LAA #3 and LAA #4. We are fortunate to have **Dan Rice** returning for LAA #3 and welcome new Committee Member **Matt Brown** for LAA #4. Other committee members include Nick Geis, Kate Propp, and Bruce Thurgood. Thanks to all who voted!!!

### 2007 Wool and Mohair Loans and LPD's

Attention Sheep Producers: Wool, Unshorn pelts and Sheared LDPs for 2007 need to be filed before you lose beneficial interest (lose control / ownership). Producers must sign a CCC-633EZ before selling wool or if wool will be sold to the shearer. Please contact the County Office prior to shearing or selling unshorn slaughter lamb pelts to file the correct forms. The deadline to file for 2007 LDP's is January 31, 2008.

"The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer."
